**What We Learned This Week:**
This week we voted on how to design our Jack-o-Lantern. We used our senses to explore and carve our pumpkin. We took the seeds and baked them. Ask your kiddo how they tasted!

**Our Goal for Next Week:**
We will have a wild Monday! Students may wear non-scary costumes to our Fall Festival. We will also begin discussing different holidays and how we celebrate them. We will use all of our pumpkins for measuring and comparing.

**Standards For Next Week:**
MA3.4c Uses a variety of techniques and standard and non-standard tools to measure and compare length, volume (capacity) and weight.

**Vocabulary For Next Week:**
aroma – a nice smell
stem – the main part of the plant above the ground

**Red Ribbon Week**
