## Letter from Principal

---

Dear Parents and Students,

As the Principal, my mission is to create positive conditions that support success for everyone – students, teachers, staff, and parents. My goal is to ensure that every student is provided the highest quality of education in a safe and supportive learning environment. I'm a firm believer that collaboration amongst teachers and staff, and with parents, is essential to helping each student achieve his/her very best - every student is valued and worthy of our best effort to make this happen.

We encourage our Thomas County Middle School Jackets to make a choice every day to “Be Safe, Be Respectful, and Be Responsible” when it comes to their studies, attending school daily on time, getting involved in activities, and choosing friends. If students make the right choices and have positive mindsets, they will surely have great successes in school.

This handbook is a valuable resource for you and your student. We firmly believe that a strong home and school partnership will help our children be successful at TCMS. We encourage you to work with us and get involved. Keep up to date through our website and Facebook page. Support our academics. Attend our events. Become part of our family, and with us, commit to our students and to the middle school philosophy of Hustle and Harmony.

Clay Stanaland

### **PARENTS' RIGHTS TO KNOW**

#### **Teacher & Paraprofessional Qualifications**

In accordance with Every Student Succeeds Act (ESSA) of 2015, The Thomas County School District will provide, upon request, certain information on the professional qualifications of classroom teachers, and support teachers (ESSA Section 1111(g)(2)(M)). Parents may request the following information:

1. Whether the students' teacher -
  - has met State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction:
  - Is teaching under emergency or other provisional status through with State qualifications or licensing criteria have been waived: and,
  - is teaching in the field or discipline of the certification of the teacher
2. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

If you desire information concerning the qualifications of your child's teacher(s), please contact the principal at your child's school.

#### **Non- Professionally Qualified Teachers**

Each Thomas County School will provide to student's parent or guardian a timely notice that his or her student has been assigned or taught for four or more consecutive weeks by a teacher who has NOT met subject or grade level requirements for professional qualifications (ESSA Section 1112(e)(1)(B)(ii)).

#### **Student Achievement**

Each Thomas County School will provide parents information on the level of achievement of the parent's child on each of the state academic assessments (ESSA Section 1111(2)(B)(x)).

#### **Parent Resources Title I**

The following schools are classified as Title I Schools: Hand-in-Hand Primary, Garrison-Pilcher Elementary, Cross Creek Elementary, Thomas County Middle, The Renaissance Center for Academic and Career Development, and Bishop Hall Charter School. Each of the previously listed schools qualify as Title I schools based on the number of students meeting federal poverty guidelines. Title I schools are required to use research-based teaching strategies and programs to improve student achievement. Staff must be professionally qualified and must be involved in ongoing staff development. School staff studies data gathered from student assessments, parent surveys, and staff surveys to guide the school's Improvement Plan. Title I Family Engagement Plans are distributed electronically to every parent at the beginning of the school year. The plan will also be attached to the school's web page. A parent advisory panel meets twice a year to discuss school accomplishments and areas for improvement. Each Title I school has a parent resource room that houses information pertaining to child health, discipline, development, and other topics relevant to the ages of the students at that school. Additionally, a variety of parent books are available for check-out in the media center. If you need information that we do not have, please ask the media specialist. In most situations, we are

able to secure resources for you to check-out. Copies of our Title I Plan are available for parent review in the school office or online via school websites. Please contact your school's Parent Involvement Coordinator if you need assistance.

### **Parent Volunteering**

Parent participation is encouraged at each of our schools (ESSA Section 1116(d)(2)(C)). We encourage parents to participate in their student's school life. An orientation for volunteers is held in the fall of each school year. If you are interested in volunteering in your child's school, please contact the Parent Involvement Coordinator at that school. He or she will be more than happy to schedule times that are convenient for you that will not disrupt class schedules.

### **Parent and Family Engagement**

Each of our Title I schools will have an annual parent workshop to build parent capacity to support their children. Topics may include academic advice, homework help, obtaining school information, behavior management, digital citizenship, standardized test data, or college and career planning. We welcome your input for planning and evaluation of these events. We will survey participants at the conclusion of each workshop to evaluate workshop quality, obtain feedback, and gather suggestions.

## **THOMAS COUNTY SCHOOL TRAINING AND MONITORING PROCEDURES AND ASSESSMENTS**

All faculty members involved with the administration or supervision of testing participate in training sessions to orient them to their duties and responsibilities concerning testing. The system test coordinator provides orientation and training to each school test coordinator in August. Following this training, each school coordinator conducts the initial training session for the school faculty. Test examiners and test proctors receive copies of their roles which delineate the “must do” activities and the “must do not do” activities. Signed copies of this information are collected and sent in after school officials train all staff.

The system test coordinator provides a detailed orientation and training session prior to each standardized test administration. School test coordinators are prompted to review state training webinar sessions as appropriate. Sign in sheets and agendas serve as documentation of system training sessions for each testing program. Sessions specify district requirements for security and timelines for return of materials.

School test coordinators are responsible for conducting training sessions with their staff members prior to the administration of any standardized test. Content of this training will specify state regulations for test administration as well as school procedures and daily schedules for the duration of the testing window. School test coordinators will document staff participation in school based training sessions prior to the test administration period. School test coordinators stay in contact with the system test coordinator on an as needed basis throughout the test administration period. School test coordinators are responsible for reporting irregularities promptly.

The system test coordinator will make periodic site visits to observe testing conditions, routines and processes. The system test coordinator will report any observations to the principal and or the superintendent in order to ensure corrective actions are implemented.

## **THOMAS COUNTY BOARD OF EDUCATION POLICIES**

### **Fraud and Ethics Policy**

To ensure the reporting of fraudulent activity, the Thomas County School Superintendent and Board of Education ensure employees, clients and providers confidential channels to report suspicious activities.

Fraud: A false representation of a matter of fact, whether by words or by conduct, or by concealment of that which should have been disclosed, that is used for the purpose of misappropriating property and/or monetary funds from federal grants or other sources.

The Thomas County School District thoroughly and expeditiously investigates any reported cases of suspected fraud to determine if disciplinary, financial recovery and/or criminal action should be taken.

All reports of suspected fraud must be handled under strict confidentiality. Only those directly involved in the investigation should be given information. Informants may remain anonymous but should be encouraged to cooperate with the investigators and should provide as much detail and evidence of the alleged fraudulent act as possible.

Procedures and Responsibilities:

1. Anyone suspecting fraud concerning federal or other programs should report their concerns to the superintendent at 229-225-4380. In the event the allegation of fraud involves the

superintendent, an employee may report his or her suspicions directly to the chairman of the Thomas County Board of Education. Contact information for the Thomas County Board Chairman may be found on the school system's website.

2. Any employee of the Thomas County Board of Education (temporary staff, full-time staff and/or contractors) who receives a report of fraudulent activity must report this information within the next business day to the superintendent or chairman of Thomas County Board Chairman at 229-225-4380. Employees have the responsibility to report suspected fraud. All reports can be made in confidence.
3. The Thomas County School district shall conduct investigations of employees, providers, contractors, or vendors as necessary.
4. If necessary, employees will be contacted for additional information.
5. Periodic communication through meetings should emphasize the responsibilities and channels to report suspected fraud.

### **AHERA Notice**

A written Asbestos Management Plan is available that documents inspection and surveillance activities, known and presumed asbestos containing materials in the building, records of asbestos-related building material disturbances and response activities, and post-response documentation. The Asbestos Management Plan is located in the main school office and at the Thomas County Board of Education and is available for review by parents, legal guardians, teachers and other school personnel, representatives of EPA, representatives of the State, and the public. The designated person for the Thomas County School System's AHERA program is Dr. Jim Rehberg, and he can be contacted by telephone at 229-225-4380 or via email at [jrehberg@tcjackets.net](mailto:jrehberg@tcjackets.net).

### **Homeless Students Policy**

To the extent practical and as required by federal law through the McKinney-Vento Homeless Assistance Act, the Thomas County School System will work with homeless students and their families to provide stability in school attendance and other services. Special attention will be given to ensuring the enrollment and attendance of homeless students not currently attending school. Homeless students will be provided district services for which they are eligible, including Head Start and comparable preschool programs, Title I, similar state programs, special education programs for students with limited English proficiency, vocational and technical education programs, gifted and talented programs, and school nutrition programs.

Homeless students are defined as lacking a fixed, regular and adequate nighttime residence, including children who experience one or more of the following characteristics.

1. Sharing the housing of other persons due to loss of housing or economic hardship;
2. Living in motels, hotels, trailer parks, or camping grounds due to the lack of adequate accommodations;
3. Living in emergency or transitional shelters;
4. Abandoned in hospitals;
5. Living in public or private places not designed for or ordinarily used as regular sleeping accommodations for human beings;
6. Living in cars, parks, public spaces, abandoned buildings, substandard housing, transportation stations, or similar settings;
7. Migratory children living in conditions described in the previous examples; or

8. Unaccompanied youth who are not in physical custody of a parent or guardian.

Homeless children and unaccompanied youth will be identified through three main sources:

1. School personnel will be trained to inquire about homelessness upon enrollment and withdrawal of students. School personnel will notify the homeless liaison of any students determined to be homeless.
2. School staff will be trained on the identification of children in class who may be experiencing homelessness and appropriate procedures to follow.
3. Partnerships will be created between community agencies and the school system to identify children and youth experiencing homelessness. Outreach material will be provided to partner agencies by the homeless liaison to provide notice of the rights of homeless students.

Each homeless student has the right to remain at his or her school of origin, to the extent feasible, or to attend school in the attendance area in which he or she is currently residing. Students identified as homeless have the right to enrollment in school.

Homeless students are also entitled to transportation to their school of origin or the school where they are to be enrolled. If transportation is requested by the parent /guardian, the school shall notify the district liaison.

If a dispute arises over any issue related to the rights of any homeless student, then the student shall be immediately enrolled and provided all services until the dispute is resolved. All records of disputes shall be kept. The state level appeals process will also be provided following the district level appeal.

Homeless students shall be provided comparable services to other students including the following: transportation, Title I, education services where they meet eligibility criteria, vocational and technical education program, gifted and talented program, and school nutrition. Upon being identified as homeless, students automatically qualify for free school meals. Title I services should also be made available to all homeless students regardless of the school of enrollment's Title I status.

The district's liaison for homeless students and their families shall coordinate with local social agencies that provide services to homeless children and youth and their families; other school districts on issues of transportation and records transfer; and state and local housing agencies responsible for comprehensive housing affordability strategies. The district liaison will also review and seek revisions to district policies that may act as barriers to the enrollment of homeless students.

For any concerns regarding the rights of homeless students, please contact the Thomas County School District's Homeless Liaison, at 229-225-4380.

### **Notification of Provisions of Georgia's "Compulsory Student Attendance Law" (O.C.G.A. 20-2-690.1)**

Georgia law requires children between the ages of 6 and 16 to be enrolled in and attend school. However, if a child is under 6 and has attended more than 20 days in a public school, he/she is subject to the compulsory attendance law (O.C.G.A. 20-2-1501).

A student is considered truant if he/she misses more than five unexcused absences during the school year. Pursuant to O.C.G.A. 20-2-690.1 a parent/guardian shall be held responsible for the child's failure to report to school. Potential consequences for parents and/or students include: a referral to the District Attorney's

office, misdemeanor charges with a fine of not less than \$25.00 and not greater than 100.00 for each offense, imprisonment for up to 30 days, community service, or any combination of such penalties, at the discretion of the court having jurisdiction may be imposed. Each day's unexcused absence from school, after the initial five days, shall constitute a separate offense.

## **ABSENCES AND EXCUSES POLICY**

### **Definitions:**

**Truant:** Any child subject to compulsory attendance who during the school calendar year has more than five days of unexcused absences. Note: School days missed as a result of an out of school suspension shall not count as unexcused days for the purpose of determining student truancy.

**Student Attendance Protocol:** Procedures to be used in identifying, reporting, investigating and prosecuting cases of alleged violations of O.C.G.A. 20-2-690.1, relating to mandatory school attendance and appropriately addressing the issue with parents and guardians. The protocol shall also include recommendations for policies relating to tardiness.

**Student Attendance Committee:** A committee established by the chief judge of the superior court of each county for the purpose of ensuring compulsory school attendance, to reduce the number of unexcused absences from school, and to increase the percentage of students present to take tests which are required to be administered under the laws of this state.

### **Excused Absences: Students may be temporarily excused from school:**

1. Who are personally ill and attendance in school would endanger their health or the health of others.
2. When in their immediate family there is a serious illness or death, which would reasonably necessitate absence from school.
3. On special and recognized religious holidays observed by their faith.
4. When mandated by order of the governmental agencies (pre-induction physical examination for services in armed forces or court order).
5. A student may be excused from school when prevented from attendance due to conditions rendering attendance impossible or hazardous to their health or safety.

When a child is absent from school, the parent will furnish the school with a written excuse within three school days of the absence. The school will require students to present appropriate medical documentation for absences due to illness upon return to school for the purpose of validating that the absence is an excused absence after accepting a parent excuse five times within a semester. Students in military families whose parents are currently serving or previously served on active duty in the U. S. armed forces or in the Reserves or National Guard on extended active duty "**may be**" granted excused absences, up to a maximum of five days per school year, not to exceed two school years, for the day or days missed from school to attend military affairs sponsored events, provided the student provides documentation prior to the absence.

With proper verification, a student may be eligible for hospital/homebound instruction as outlined in State Board of Education Rule 160-4-2-31.

Students who miss an excessive amount of class time (as defined by school rules) may be required to participate in make-up activities as described by the individual schools or may be prohibited from attending special school functions including dances, assemblies, field trips, and athletic competitions. The principals shall work with the superintendent to develop rules for implementing this policy.

**Unexcused Absences:** The Thomas County School System will notify the parent, guardian, or other person who has control or charge of the student when such student has five unexcused absences. The notice shall outline the penalty and consequences of such absences and that each subsequent absence shall constitute a separate offense. After two reasonable attempts to notify the parent, guardian or other person who has charge of the student, the school system shall send written notice via first class mail.

The Thomas County School System will provide the parent, guardian, or other person having control or charge of each student enrolled in public school a written summary of possible consequences and penalties for failing to comply with compulsory attendance. By September 1 of each school year or within 30 school days of a student's enrollment in the school system, the parent, guardian, or other person having control or charge of such student shall sign a statement indicating receipt of such written statement of possible consequences and penalties. In addition, students age ten or older by September 1 shall sign a statement indicating receipt of a written statement of possible consequences for non-compliance to the local policy.

**Excessive Absences:** The following provisions apply to consecutive and non-consecutive absences during one academic year.

**After Three Unexcused Absences:** The attendance clerk or the principal's designee will contact the parent/guardian by telephone, letter, email, parental conference, or any other means of communication deemed necessary. All contacts will be documented.

**After Five Unexcused Absences:** The attendance clerk or principal's designee will notify the parent/guardian by mail, **and** by another means of communication deemed necessary. The mailed letter and/or contact will serve as the required notification that outlines the penalty and consequences of the student's unexcused absences and that each subsequent absence shall constitute a separate offense. All contacts made will be documented.

**After Seven Unexcused Absences:** The counselor/parent coordinator will meet or make contact with the parent/guardian and the student. The parent/guardian and student will be informed of the consequences of excessive unexcused absences. Strategies will be discussed to help improve the student's attendance. An attendance plan and contract will be signed and implemented. The counselor/parent coordinator will continue to monitor the student's attendance. The parent/guardian and the student will be contacted for non-compliance with the plan and contract. All contacts made will be documented.

**After Ten Unexcused Absences:** A mandatory attendance meeting will be scheduled between the parent/guardian, the student, and the grade level assistant principal. A plan that contains specific strategies to help improve the student's attendance will be created and signed. The parent and the student will also be reminded of the consequences for continued unexcused absences. The student's attendance will continue to be monitored. The parent/guardian and student will be contacted for non-compliance with the plan and contract. All contacts will be documented.

**After Thirteen Unexcused Absences:** The parent/guardian and/or student may be referred to the Thomas County School System's Truant Officer if the student continues to accrue unexcused absences. After the student has been referred to the Truant Officer, the school will continue to monitor the student's attendance and continue to use school-based interventions to help prevent continued unexcused absences. The school will also continue to inform the parent/guardian, the student, and the Director of Pupil Services of

any continued unexcused absences by any means of communication deemed necessary. All contacts will be documented. Based on the determination of the Truant Officer, the parent/guardian and/or student may be referred to the Community Based Risk Reduction Team (CBRRT).

### **COMMUNITY BASED RISK REDUCTION TEAM**

The Thomas County Board of Education has adopted the Community Based Risk Reduction Team (CBRRT) as a sub-committee of the Thomas County Schools/Thomasville City Schools Student Attendance Protocol Committee. The CBRRT was created in an effort to help improve school attendance and to provide early community intervention for students who are at risk of becoming delinquent, unruly, or deprived. The CBRRT includes representatives from the following community agencies: the District Attorney's Office, the Department of Juvenile Justice, the Department of Family and Children and Services, GA Pines Mental Health, the Vashti Center, the Thomas County Sheriff's Department, the Thomasville Police Department, the Thomas County School System, and the Thomasville City School System.

Upon encountering chronic absences and/or tardies, along with other matters which may constitute educational deprivation, the Thomas County School System's designee may refer a student to the CBRRT. The team of school and community agency representatives will hold a scheduled mandatory meeting for the parent/legal guardian to attend. The student is also mandated to attend the CBRRT meeting if he/she is in grades 4th-12th. The meeting will be held in the Thomas County Judicial Center located at 325 N Madison St. in Thomasville, GA, and the parent/legal guardian will receive prior notification of the meeting's scheduled date and time.

The CBRRT will prepare a multi-agency intervention plan with the parent and student that will address factors which may be negatively impacting the student's education. If the parent and/or student fail(s) to attend the mandatory CBRRT meeting, or if the parent and/or student continue(s) to be non-compliant, then the CBRRT may recommend that the District Attorney's Office proceed with an educational deprivation petition in the Thomas County Juvenile Court or criminal prosecution in the Thomas County State Court for the parent/legal guardian and/or prosecution in the Thomas County Juvenile Court or and any other court having jurisdiction for the student.

### **WITHDRAWALS**

The Thomas County School Board authorizes the school to withdraw a student who:

1. has missed more than 10 consecutive days of unexcused absences; and
2. is not subject to compulsory school attendance; and
3. is not receiving instructional services from the local school system through homebound instruction or instructional services required by the federal individual with Disabilities Education Act (IDEA); and/or
4. is subject to compulsory attendance if the local superintendent or designee has determined the student is no longer a resident of the local school system or is enrolled in a private school or home study program.

Students shall be withdrawn retroactive to the first day of the consecutive absences.

### **SECTION 504 PROCEDURAL SAFEGUARDS**

Thomas County schools notifies parents and students that Section 504 student rights and procedural

safeguards are included in their entirety in our student handbooks and on our website. Parents and students are entitled to Section 504 student rights and procedural safeguards on request.

1. **Overview:** Any student, parent, or guardian may request an impartial hearing due to the school system's actions or inactions regarding a child's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system's Section 504 coordinator; however, a grievant's failure to request a hearing in writing does not alleviate the school system's obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator. The school system's Section 504 Coordinator will assist the grievant in completing the written Request for Hearing.
2. **Hearing:** The Request for the Hearing must include the following:

Student name

Address of student

School student is attending

Reason for request of the hearing

Decision objecting to

Remedy suggested

Name and contact information of person requesting a hearing

Within 10 business days from receiving the Request for Hearing, the 504 Coordinator will acknowledge the Request for Hearing in writing and schedule a time and place for a hearing. If the written Request from the parent, guardian, or student is complete, the 504 Coordinator will tell the grievant what specific information to complete the request. All timelines and processes will stop until the Request Hearing contains all the above noted information.

3. **Mediation:** The school system may offer mediation to resolve the issues. Mediation is voluntary and may be terminated at any time. If mediation is terminated without an agreement, procedures for conducting an impartial hearing will be followed without an additional Request for Hearing.
4. **Hearing Procedures:**
  - a. The 504 Coordinator will obtain an impartial review official and hearing within 45 calendar days unless a continuance is granted by the impartial review official.
  - b. A continuance request in writing to all parties may be granted by the hearing officer with good cause.
  - c. The grievant will have an opportunity to examine the child's educational records prior to the hearing.
  - d. The grievant may be represented by legal counsel at his/her own expense. The grievant may participate, speak, examine witnesses, and present information at the hearing. If represented by legal counsel at the hearing, the grievant or legal counsel must notify the 504 Coordinator in writing at least 10 calendar days before the hearing. Failure to do so will constitute good cause of continuance of the hearing.
  - e. The burden of proof will be on the grievant. When warranted by circumstances or law, the impartial

hearing officer may require the school or 504 Coordinator to defend its position/decision regarding the claims (i.e. A school or 504 Coordinator shall place a disabled student in the regular educational environment operated by the system unless demonstrated by the school or 504 Coordinator that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. 34 C. F. R. § 104.34) One or more representatives of the school system, who may be an attorney, will attend the hearing to present the evidence and witnesses, respond to the grievant testimony and answer questions posed by the review official.

- f. The impartial review official shall not have the power to subpoena witnesses, and the strict rules of evidence shall not apply to hearings. The impartial review official shall have the authority to issue pre-hearing instructions, which may include requiring the parties to exchange documents and names of witnesses to be present.
- g. The impartial review official shall determine the weight to be given any evidence.
- h. The hearing shall be closed to the public.
- i. The issues of the hearing will be limited to those raised in the written or oral request for the hearing.
- j. Witnesses will be questioned directly by the party who calls them. Cross-examination of witnesses will be allowed. The impartial review official, at his or her discretion, may allow further examination of witnesses or ask questions of the witnesses.
- k. Testimony shall be recorded by court reporting or audio recording at the expense of the system. All documentation related to the hearing shall be retained by the system.
- l. Unless otherwise required by law, the impartial review official shall uphold the action of school system unless the grievant can prove that a preponderance of the evidence supports his or her claim.
- m. Failure of the grievant to appear at a scheduled hearing unless prior notification of absence was provided and approved by the impartial review official or just cause is shown shall constitute a waiver of the right to a personal appearance before the impartial review official.

**5. Decision:** The impartial review official shall issue a written determination within 20 calendar days of the date the hearing concluded. The determination of the impartial review official shall not include any monetary damages or the award of any attorney's fees.

**6. Review:** If not satisfied with the decision of the impartial review official, any party may pursue any right of review, appeal, cause of action or claim available to him or her under the law or existing state or federal rules or regulations.

## HOSPITAL HOMEBOUND

### Georgia State Board of Education Rule 160-4-2-.31 Hospital/Homebound (HHB) Services

Hospital/Homebound (HHB) services are designed to provide continuity of educational services between the classroom and home or hospital for students in Georgia public schools whose medical needs, either physical or psychiatric, do not allow them to attend school for a limited period of time. HHB instruction may be used to supplement the classroom program for students with health impairments whose conditions may interfere with regular school attendance (e.g., students receiving dialysis or radiation/chemotherapy or students with other serious health conditions). Students must be enrolled in a public school in Georgia in order to receive HHB services.

HHB services are not intended to supplant regular school services but are by design temporary. The student must anticipate being absent from school for a minimum of ten consecutive or intermittent school days due to a medical or psychiatric condition. The student's inability to attend school for medical or psychiatric reasons must be certified by a licensed physician or licensed psychiatrist who is currently treating the student for the diagnosis presented.

For HHB forms or questions contact your school counselor or Chris Huckans, at 229-225-4380 EXT 111, [chuckans@tcjackets.net](mailto:chuckans@tcjackets.net) -office email.

## MEDICATION POLICY

All medications other than the exceptions listed in this policy, whether prescription or over-the-counter, may be administered only in accordance with the guidelines set forth by the principal of each school.

All medications must be taken by the student, parent, or guardian to the school office immediately upon arrival at school and must be in original pharmaceutical containers, clearly labeled as to the name of the student, the name of the medication, the appropriate dosage, and the times for dosage. Any student possessing prescription or over-the-counter medication not in accordance with these guidelines will be considered in violation of the School District's drug policy and shall be subject to the discipline set forth in the student code of conduct and/or the student/parent handbook.

A student for whom the school has on file supporting medical documentation may carry at all times with parent/guardian permission inhalers for asthma, auto-injectable epinephrine for allergic reactions, ready-to-use glucagon, and all necessary supplies and equipment to perform monitoring and treatment functions authorized by the student's diabetes medical management plan or medication and supplies authorized by the student's seizure action plan. Students authorized to self-administer such medications shall be instructed not to permit any other student to handle, possess, or otherwise attempt to use his/her medication and shall be informed that violations of such instructions will be dealt with in accordance with the student code of conduct. In order for the student to carry and self-administer such medications, or in order for the school to store and administer the medication for students who are unable to self-administer because of age or any other reason, parents must provide a written statement from a licensed physician confirming that the student is able to self-administer the medication, if applicable, and written permission from the parent for the nurse or designated employee to consult with the doctor regarding any questions that may arise concerning the medication. Such permission shall release the school district and its employees and agents from civil liability for administering such medication to students, or if the self-administering student suffers an adverse reaction as a result of self-administration of such medication. The terms of this paragraph may be met through a student's diabetes medical management plan or seizure action plan developed and implemented pursuant to state law.

Parents are encouraged to provide the school duplicate medication and supplies in the event a student is unable to self-administer or fails to bring the medication or equipment to school.

Nurses or other school employees are authorized to administer auto-injectable epinephrine, if available, to a student who is having an actual or perceived anaphylactic adverse (allergic) reaction, regardless of whether the student has a prescription for epinephrine. Such persons also are authorized to administer levalbuterol sulfate, if available, to a student in perceived respiratory distress, regardless of whether the student has a prescription for levalbuterol sulfate. Any school employee who in good faith administers or chooses not to administer such medication to a student in such circumstances shall be immune from civil liability.

Parents of students who are being treated for epilepsy or a seizure disorder may provide the school with a seizure action plan. If you would like more information regarding how to develop a seizure action plan for your student, please contact the school nurse.

To prevent the spread of head lice, The Thomas County School System will follow the Head Lice Regulation stating that when a student is found with head lice, the student will be sent home with a letter containing recommendations for treatment. If the student has siblings in the school system, the siblings will also be examined. The school nurse/designee will examine every student readmitted to school. If the student is free of lice, the student will be given a written clearance to return to class. The school nurse/designee will re-examine the student within 7-10 days or as often as deemed necessary by the nurse. After a student is absent more than two days, the principal or his/her designee should notify the family and urge them to get the student treated and back in school. Students found with the head lice will not be allowed to ride the bus or participate in school activities until cleared by the nurse.

## **CHILD ABUSE OR NEGLECT**

All employees of the Board of Education, as well as persons who attend to a child pursuant to their duties as a volunteer for the school system, who have reason or cause to believe that suspected child abuse has occurred shall notify the principal or the school system's designee, who shall report such abuse immediately, but in no case later than 24 hours from the time there is reasonable cause to believe that suspected child abuse has occurred, in accordance with Georgia law and the protocol for handling child abuse cases for Thomas County, Georgia.

Under no circumstances shall the principal or designee to whom a report of child abuse has been made exercise any control, restraint, modification, or make any change to the information provided by a mandated reporter, although the reporter may be consulted prior to the making of a report and may provide any additional, relevant and necessary information when making the report.

## **BULLYING**

The Board of Education believes that all students can learn better in a safe school environment. Behavior that infringes on the safety of students will not be tolerated. Bullying, as the term is defined in Georgia law, of a student by another student is strictly prohibited. Such prohibition shall be included in the Student Code of Conduct for all schools within the school system.

Bullying is defined as an act that is:

1. Any willful attempt or threat to inflict injury on another person, when accompanied by an apparent present ability to do so;
2. Any intentional display of force such as would give the victim reason to fear or expect immediate bodily harm; or
3. Any intentional written, verbal, or physical act, which a reasonable person would perceive as being intended to threaten, harass, or intimidate, that:
  - a. Causes another person substantial physical harm within the meaning of Code Section 16-5-23.1 or visible bodily harm as such term is defined in Code Section 16-5-23.1;
  - b. Has the effect of substantially interfering with a student's education;
  - c. Is so severe, persistent or pervasive that it creates an intimidating or threatening educational environment; or
  - d. Has the effect of substantially disrupting the orderly operation of the school.

The term applies to acts which occur on school property, on school vehicles, at the designated school bus stops, or at school related functions or activities or by use of data or software that is accessed through a computer, computer system, computer network, or other electronic technology of a local school system.

The term also applies to acts of cyberbullying which occur through the use of electronic communication, whether or not electronic act originated on school property or with school equipment, if the electronic communication (1) is directed specifically at students or school personnel, (2) is maliciously intended for the purpose of threatening the safety of those specified or substantially disrupting the orderly operation of the school, and (3) creates a reasonable fear of harm to the students' or school personnel's person or property or has a high likelihood of succeeding in that purpose. Electronic communication includes, but is not limited to, any transfer of signs, signals, writings, images, sounds, data or intelligence or any nature transmitted in whole or in part by wire, radio, electromagnetic, photo electronic or photo optical system.

Procedures may be developed encouraging a teacher or other school employee, student, parent, guardian, or other person who has control or charge of a student, either anonymously or in the person's name, at the person's option, to report or otherwise provide information on bullying activity. Any teacher or other school employee who, in the exercise of his or her personal judgment and discretion, believes he or she has reliable information that would lead a reasonable person to suspect that someone is a target of bullying is encouraged to immediately report it to the school principal. Any report will be appropriately investigated by the administration based on the nature of the complaint in a timely manner to determine whether bullying has occurred, whether there are other procedures related to illegal harassment or discrimination that should be implemented and what other steps should be taken. Any report of retaliation for reporting bullying will also be investigated and addressed as called for in this policy and in accordance with school procedures.

Acts of bullying shall be punished by a range of consequences through the progressive discipline process, as stated in the Code of Conduct. However, upon a finding by the disciplinary hearing officer, panel or tribunal that a student in grades 6-12 has committed the offense of bullying for the third time in a school year, the student shall be assigned to an alternative school.

## **FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)**

The Family Educational Rights and Privacy Act (FERPA), a Federal Law, requires that Thomas County Middle School, with certain exceptions, obtain a parent/guardian's written consent prior to the disclosure of personally identifiable information from a student's education records. However, the school may disclose appropriately designated "directory information" at the discretion of the school unless the principal or designee has been notified in writing by August 31 of each school year by the parent/guardian or eligible student that some or all of this information shall not be designated as directory information. The primary purpose of directory information is to allow the school to include this type of information from the student's education records in certain school publications. Directory information includes student name, address, year of birth, enrollment, dates of attendance, grade level, degrees and awards received, date of graduation, photograph, participation in officially recognized activities and sports.

## **THE THOMAS COUNTY PROGRAM FOR EXCEPTIONAL CHILDREN**

The Thomas County Program for Exceptional Children offers services for children who have been identified as having a disability. A child with a disability is a child evaluated and determined to be eligible for special education services for intellectual disabilities, other health impairment, a specific learning disability, or deaf/blindness.

Special education is specially designed instruction provided at no cost to parents that meets the unique needs of each student that is identified with a disability. Special education includes instruction in the classroom, in the home, hospitals, institutions and other settings, physical education, travel training, and vocational education.

Related services are services such as transportation and developmental, corrective, and other supportive services that are required to assist a child with a disability to fully benefit from special education.

Decisions regarding eligibility, least restrictive environment, and services are made by a committee of individuals that work directly with the child and the child's parents or guardian. Parents can contact the Thomas County Program for Exceptional Students by calling 229-225-4380.

### **SECLUSION AND RESTRAINT POLICY**

As part of the emergency procedures in place in our schools, any student who poses an imminent risk of injury to him/herself or others may be physically restrained by school staff in accordance with Thomas County Board of Education policies. This restraint could occur along with other emergency actions such as contacting law enforcement. Significant violations of the law including assaults on students and staff will be reported to law enforcement. Within a reasonable time, not to exceed one school day, parents or guardians will be informed in writing when any of these actions occur.

### **EQUAL OPPORTUNITY STATEMENT**

It shall be the policy of the Thomas County Board of Education not to discriminate on the basis of race, color, national origin, sex, age, religion, creed or disability in educational programs and activities, in employment or recruitment for employment, admission to facilities, or in any related policies, practices or benefits.

### **NONDISCRIMINATION POLICY**

Federal law prohibits discrimination on the basis of race, color, or national origin (Title VI of the Civil Rights Act of 1964); sex (Title IX of the Education Amendments of 1972 and Title II of the Carl D. Perkins Vocational Education Act of 1984); or handicap (Section 504 of the Rehabilitation Act of 1973) in educational programs of activities receiving federal financial assistance.

Employees, students, and the general public are hereby notified that the Thomas County School District does not discriminate in any educational programs or in employment policies. Dr. Bob Dechman, Assistant Superintendent for Federal Programs and Accountability for Thomas County Schools, is responsible for coordinating the district's effort to implement this nondiscriminatory policy. Inquiries concerning the application of Title II, Title VI, or Section 504 to the policies and practices of the district may be addressed to: Dr. Bob Dechman, [Thomas County Schools, 200 North Pinetree, Thomasville, Georgia 31792](http://www.thomascountyga.gov/schools). Inquiries

concerning Title IX (discrimination based on sex) can be directed to the Title IX Coordinator Chris Huckans, 200 N. Pinetree Blvd, Thomasville, GA; or 229-225-4380, or [chuckans@tcjackets.net](mailto:chuckans@tcjackets.net)

## **POLICIES**

Every student has the right to an education, and our policies are enforced to protect this right. School regulations are developed keeping in mind the requirements set by Georgia State law, the Georgia State School Board, and the Thomas County Board of Education. In areas where these organizations do not give specific direction, regulations are developed by the administration and faculty. Student and parent committees may be used in an advisory capacity. All policies and regulations are subject to review and help us work together by treating fellow students and teachers with courtesy and respect. We request your cooperation in abiding by these policies.

## **PARENT RESPONSIBILITIES**

The ultimate responsibility for a student's behavior rests with the student and his/her parents. Students are to respect constituted authority, which includes obedience to school rules, regulations, and procedures. The school anticipates that parents will be cooperative in dealing with any behavioral problems which may arise and expects that this cooperation will be made apparent to the child.

One of the most significant objectives of discipline must be to develop within the individual student the desire to exercise his/her rights judicially. To realize this objective, the school reserves the right to hold parental conferences, guidance conferences, or conferences with the court and the right to request schedule changes or psychological examinations.

Georgia law (O.C.G.A. 20-2-766) provides that school administrators who identify a student as a chronic disciplinary problem may require the parent to attend a conference to participate in the development of a disciplinary and behavioral correction plan. Parents who do not attend such conferences may be referred to the courts where they may be fined up to \$500. The need for a parental conference is indicated whenever a student is suspended at home or when a teacher or administrator informs the parent that a conference is needed.

## **EMERGENCY SITUATIONS**

The school has an approved emergency management plan on file in the principal's office. This plan has provisions for tornadoes, fire, and terroristic situations.

## **EMERGENCY DRILLS**

**Fire Drills** will be held monthly. Students are to file out of the building to the designated area where their teacher will take roll. Students remain in place until an all-clear is given.

### **Lockdown Drills**

A soft lockdown means all exterior and classroom doors are secured but class activities continue as scheduled. In the event of a hard lockdown, all exterior and classroom doors are secured and staff and students remain in place until further notice is given.

### **Severe Weather Drills**

When a tornado watch is issued, staff secures all exterior doors and students remain indoors and continue to

conduct the day as usual. A tornado warning is issued when tornadic activity has been spotted in the vicinity. Staff and students transition to safety zones and remain in place until an all-clear has been given.

All Emergency drills are practiced throughout the school year.

## **SCHOOL COUNCIL**

School councils were established by the General Assembly of Georgia to improve communications and participation of parents and the community in the management and operation of local schools. The purpose of the school council is to bring communities and schools closer together in the spirit for teachers and administrators, and bring parents into the school-based decision-making process. The management and control of public schools continues to be the responsibility of the local board of education with the principal being the designated school leader.

## **WATER SAFETY/SWIM LESSONS**

The American Academy of Pediatrics cautions that drowning is one of the top causes of injury and death in children each year in the United States. Parents can help prevent these tragedies by enrolling children in water safety courses and swimming lessons. In our community, the Everett-Milton and Butler-Mason YMCA locations offer swim lessons with year-round and seasonal options. Private, semi-private, and group lessons are available. Please contact the YMCA (229-226-3446) for more information.

This information is provided in accordance with H.B. 402, also known as the Edna Mae McGovern Act.

## **Attendance/Academics**

---

**Late Arrivals/Tardies:** Students who arrive on campus after 8:00 a.m. must sign in at the front office. Tardies are excused for the same reasons that absences are excused. **If a student accumulates more than six unexcused tardies in a nine week period, he or she will be assigned after school detention.** Students who are chronically late may be assigned more severe consequences. Reasons for a tardy include sickness, death in family, religious holidays, and doctor/dentist appointments.

**Early Dismissals:** All parents/guardians must present a picture ID prior to being allowed to sign out any student. Parents should refrain from signing students out after 2:30 due to end of day traffic.

**Lunch Sign outs:** Parents are discouraged from signing out students for lunch. Lunch sign outs should not occur often and should be reserved for special events. Lunch sign outs are not excused absences and should not interfere with class assignments, tests, review, etc. In lieu of leaving campus, parents are welcome to eat lunch at school with their children.

### **EMERGENCY CARDS**

All students are asked to have parents/guardians fill out and sign an emergency card, which will be kept on file in the clinic. Names of relatives or neighbors who have permission to check the student out in an emergency should be listed on the cards as well as names of doctors, etc. All students must have a card on file. As soon as information changes, parents/guardians should notify the front office. The emergency card will be used only in the case of a valid emergency. It will not be used on a regular basis when a parent cannot be reached.

### **CURRICULUM**

TCMS curriculum includes English/Language Arts, Reading, Math, Science, Social Studies, and Exploratory classes. Reading will be integrated throughout the content areas. Services are offered in all subjects to support special education, general education, and gifted learners. Gifted and accelerated eighth grade students may have the opportunity to earn high school credit for Algebra I, Ninth Grade ELA, Physical Science, Spanish, Basic Agriculture, and Intro to Computers. These subjects are aligned with the State Board of Education adopted Georgia Standards of Excellence. Students are placed in specific classes based upon school developed criteria.

### **GRADES**

Report cards will be sent home with students at the end of each nine week period during the week following the end of the grading period. Report cards may be held for students who owe debts to the school. Parents who do not receive report cards on the dates printed on the school calendar should contact their child's teacher. The grading scale is as follows: A = 90 -100, B = 80 - 89, C = 70 - 79, F= below 70

## **PROMOTION/RETENTION**

To be promoted in grades five through eight students must earn a yearly average of 70 or above in all academic and exploratory classes. The Georgia Milestones Assessment Program in grades five and eight will be used in making promotion, placement, and retention decisions for students.

## **NATIONAL JUNIOR HONOR SOCIETY**

The National Junior Honor Society is the nation's premier organization established to recognize outstanding middle level students. More than just an honor roll, NJHS serves to honor those students who have demonstrated excellence in the areas of scholarship, service, leadership, character, and citizenship. These characteristics have been associated with membership in the organization since 1929.

NJHS eligibility includes: a scholastic average of 3.7 or above in academic courses and elective classes, as well as evidence of leadership qualities, exemplary school citizenship, upstanding character, and school or community service. Seventh graders are considered for membership after the third grading period; eighth graders are considered after the second grading period. Eighth grade members who do not maintain academic and behavioral guidelines will not be allowed to participate in the annual spring NJHS trip. There are no exceptions.

## **MAKEUP WORK**

Students will complete make-up work within five days upon their return to school. The five-day rule does not apply to assignments that were previously assigned to be due on the date of a student's absence; when a student is absent on the day that an assignment is due, it must be turned in on the first day of the student's return. When a student is absent on a test day, he or she should be prepared to take the test on the first day of his/her return. Teachers may require students to schedule time after school to make up assignments. Work for students returning from suspension is due the day the student returns to school.

## **MISSING WORK**

Students may turn in missing work for five days past the completion of all three of the following conditions.

1. Past the due date
2. Student is aware the work is missing
3. This missing grade is entered into Infinite Campus as missing

## **CONFERENCES**

The faculty at Thomas County Middle School welcome the opportunity to discuss with students and parents the student's classroom performance, behavior, or any other related concern. Parents/guardians wanting to inquire about their child's progress at school may contact the front office and set up an appointment to meet with the teachers. All academic teams have a common planning time. Conferences are encouraged for the benefit of the student and parent. Teachers must be given at least 24 hours notice for conferences.

# MERIT Program

The MERIT program (**M**aximizing **E**ducation to **R**ealize Intellectual Transformation) challenges students to achieve their maximum academic potential while providing a supportive learning environment for advanced study and recognition for outstanding academic achievement. ## INTERNET ACCESS/COMPUTER USE

Technology equipment, the Internet, and digital learning provide vast, diverse and unique resources that can be used to transform learning. Our goal in providing these resources to teachers, staff, and students is to provide a unique and personalized learning experience in the Thomas County School System. By promoting quality instruction while using digital tools, education excellence can be achieved.

In the schools, student access to and use of the Internet will be under teacher direction and monitored as any other classroom activity. The use of technology equipment and digital tools in the Thomas County

School System is a privilege that requires all users to act responsibly. All users are accountable for any violations of this Internet Acceptable Use Policy.

As required by the Children's Internet Protection Act, Thomas County Schools has an Internet filtering system in place to protect the students in our schools. The filtering system blocks unacceptable sites that fall into the following categories: violence, pornography, drugs, chat, free email, hate/discrimination, etc. However, it is impossible to control all materials on a global network and an industrious user may discover inappropriate information. The school system cannot completely prevent the possibility that some users may access material that is not consistent with the education mission, goals, and policies of the school system. Violations of the Internet Acceptable Use Policy may result in disciplinary action.

It is the belief of the board that the Internet's advantages far outweigh its disadvantages. The Thomas County Board of Education views information gathered from the Internet in the same manner as reference materials identified by the schools. Specifically, the system supports resources that will enhance the learning environment with directed guidance from faculty and staff. Exploration of resources, by both teachers and students, within the confines of this Acceptable Use Policy, is encouraged.

All students in Thomas County Schools will receive age-appropriate curriculum and instruction regarding safe and appropriate online behavior including, but not limited to electronic interactions with others on social networking sites and in chat rooms; behaviors that may constitute cyberbullying; and how to respond when subjected to cyberbullying.

### **Guidelines for Internet Usage**

## **SCHOOL DISCIPLINE AND SOCIAL MEDIA**

Parents are encouraged to monitor their child's use of all social media including e-mail, Facebook, Instagram, Snapchat, and all other forms of electronic or digital media. Many disciplinary matters and conflicts among students are rooted in communication that originates in social media. Students and parents should be aware that students may be subject to disciplinary action for their communication on social media even if such communication occurs off campus and during non-school hours, if such communication constitutes cyber-bullying, and/or if such communication in any way interferes with the good order of the school day or the ability of other students to feel safe and comfortable at school. When posting messages on social media, students should apply this four-way test: (1) Is it the truth? (2) Is it fair to all concerned? (3) Will it build goodwill and better friendship? (4) Will it be beneficial to all concerned? If the answer to any one of these questions is "no," it is probably better not to post. The school appreciates the help of parents in monitoring student use of social media. Disciplinary action for inappropriate use of social media will be at the discretion of the administration and may include counseling, detention, in-school suspension, out-of-school suspension, recommendation for a tribunal, or referral to law enforcement, depending on the severity of the offense.

## **SCHOOL NUTRITION**

**"Building Healthy Bodies...Ready to Learn"**  
**Thomas County Schools**  
**Nutrition Program**

**"Our mission is to be a partner in the education process by providing quality meals at a reasonable price and nutrition education opportunities for students that promote healthy children, READY to LEARN".**

The school nutrition program provides breakfast and lunch to help your child get the nutrition he/she needs to learn, grow, and develop. Nutrition goals of the Thomas County School Program must be in compliance with the United States Department of Agriculture. Menus must adhere to strict guidelines issued by USDA. The menus must meet USDA nutrition goals when averaged over a school week. Each meal planned must provide the required (USDA) number of food components and food items and meet the nutrient standards for the age/grade group served. The five components for lunch are meat/meat alternate, vegetables, fruit, grains/breads, and milk. Your child's monthly menus are posted on the Thomas County School's website, [www.thomas.k12.ga.us](http://www.thomas.k12.ga.us). Menus are also published weekly in the *Thomasville Times Enterprise*. The school nutrition program participates in a program in which ALL students eat breakfast and lunch at **NO COST** to the student. Student meals will continue to be of the highest quality and will provide necessary nutrients that enable students to be ready for learning. Adult lunch price is **\$3.75** and **\$2.75** for breakfast. Students may purchase extra items for **.75 to 1.50**.

**Students must have a complete meal before purchasing any extra items/a la carte items. There will be no charging of extra items/a la cart items by students or adults.**

Our local board policy prohibits the sale of non-nutritional foods and carbonated beverages during the school day. With this in mind and in order to encourage better nutrition and to develop healthy eating habits, students or parents are not allowed to bring food to school from outside restaurants during the school day. Lunches from home sent with students in lunch boxes or plain bags are permissible. Healthy food choices are encouraged when parents bring food for school parties. Parents should check with the supervising teacher in the cafeteria before taking students to the patio to eat.

Phones/devices will be returned to parents/guardians free of charge.

Students who fail to adhere to the rules as stated in Student Code of Conduct may be referred for disciplinary action.

# **Code of Conduct**

---

## **CODE OF CONDUCT AND DISCIPLINARY PROCEDURES**

The code of conduct provides for the welfare and safety of all students and ensures a productive learning environment. The school's primary goal is to educate, not punish; however, when the behavior of an individual student comes in conflict with the rights of others, corrective actions may be necessary for the benefit of that individual and the school as a whole. Accordingly, students shall be governed by the following progressive code of conduct.

This code of conduct is effective during the following times and in the following places:

- At school or on school property at any time
- Off school grounds at any school activity, function, or event and while traveling to and from such events
- On vehicles provided for student transportation by the school system

Students may also be disciplined for conduct off campus which is felonious or which may pose a threat to the school's learning environment or safety of students and employees.

Parents are encouraged to become familiar with the code of conduct and to be supportive of it in their daily communication with their children and others in the community.

All dispositions for offenses listed in the discipline code are considered minimal. The severity of the offense may dictate stricter measures.

Georgia law (O.C.G.A. 20-2-766) provides that school administrators who identify a student as a chronic disciplinary problem may require the parent to attend a conference to participate in the development of a disciplinary and behavioral correction plan. Parents who do not attend such conferences may be referred to the courts where they may be fined up to \$500. The need for a parental conference is indicated whenever a student is suspended at home when a teacher or administrator informs the parent a conference is needed.
