

Directions for Completing District Forms

Congratulations! If you received a packet with forms that need to be completed, your student placed at the school-wide science fair. Because of their hard work and determination, they will get to travel to ABAC in Tifton for the district competition. Below is a list of forms in the packet, and what needs to be completed on each. Some students may have additional forms based on the content of their experiment. If you have further questions, please feel free to contact me.

Competition is on a Friday, but students will be counted as present. Details about departure time and permission form will be sent home at a later time.

- 1) ABAC Exhibitor Application
 - a. Fill in all student info & project title
 - b. Check area of science (they can ask me if they forgot)
 - c. On the back, check items 1 - 5 at the top
- 2) Checklist for Adult Sponsor (1)
 - a. Fill in name & project title
- 3) Student Checklist (1A)
 - a. Fill in parts 1 & 2
- 4) Research Plan Instructions
 - a. This is to be typed. Students should only have to copy & paste the needed info from their research report. Simply follow the directions on the sheet. Label each section: A. Purpose, B. Goals/Hypotheses & Research Question, C. Procedure, a summary of data findings, & conclusion, and D. Bibliography. Some students may need to complete the bottom portion based on their project.
- 5) Approval Form (1B)
 - a. Complete Section 1
- 6) The last thing students need is an abstract typed on the official GSEF form. Make sure you save the form after typing the abstract. It needs to be a summary of the entire project, and cannot exceed 250 words. The form can be found at the following address:
