

## Procedure for classroom and office supply orders to outside vendors

- Fill out requisition form listing all items being requested for purchase, along with the purchase price. The form is on the school system website on the Financial Services, Purchasing page.
- Be sure to list vendor name, address, phone number and fax number in “Special Instructions” section of requisition.
- Give to Principal or Department Head for authorization.
- Principal or Department Head will forward to School Bookkeeper for entering into NextGen software. Original requisition is kept on file at the school. The School Bookkeepers can only use the account numbers listed on the school supply budget worksheet.
