
7th Grade Delta Merit

Meet Your Teachers

TEAM LEADER

Welcome to Delta! My name is Kim Simmons, and I have been teaching Life Science on Delta Company since January 1996. I am a Yellow Jacket through and through! This year we will explore what life is, the organization of life, how your body works, and how living things interact with their environment. Get ready as we journey into the circle of life!

¡Hola! I am Señora Ortiz and I will be your 7th grade Spanish teacher this school year! I am super excited to continue your journey through foreign language. Get ready to “travel” with me to learn about different cultures, customs, and countries!

Welcome to a new school year! Prepare to become a historian and a Social Studies detective. No mass memorization of facts in this classroom. We will investigate and discuss why these are the facts. I am a firm believer in students learning for themselves rather than a teacher just "telling it" to them. Seventh graders are "pretty smart cookies"! I'm excited about the things we will be doing together this year.

Welcome to 7th Grade Delta Merit! I am excited to be your new Mathematics teacher and meeting everyone. My name is Ms. Kendra Reeves, and have been teaching for the past eight years at TCMS. I have two beautiful daughters and two dogs named Bella and Nico. I'm a graduate of Thomas University. We are going to have a great year!

Hello and welcome! My name is Mack Beck, and I look forward to working with you this year as we read, write, journal, and learn how to better use the English language. My goal this year is to provide a fun and challenging classroom environment, and the only way for that to happen is if you and I bring our very best to class each and every day. I'm glad you're part of Merit's Delta team and can't wait to meet you!
