

Grading Categories and Percentage Weights

As you look at Spanish grades, the percentages will only total **80%**. There are three categories showing at this time:

- Daily grades **20%**
- Formative grades **20%**
- Summative grades **40%**
- The remaining **20%** will come from the student's nine weeks (End of The Nine Weeks Test) test which will be given at the end of each nine weeks. It will be visible once the task has been completed.
