

Hand-In-Hand Primary School is an Early Learning School that is fully accredited by the Georgia Accrediting Commission and the Southern Association of Colleges and Schools. Because we operate through a non-profit governmental agency, an accredited local school system, as a pre-k and kindergarten primary school, we are exempt from Georgia Department of Early Care and Learning child-care licensing requirements. In addition, all educational services provided to Pre-K and Kindergarten students at Hand-In-Hand are free of charge. In addition, we are required to inform parents that Hand-In-Hand does not carry liability insurance for students.

Hand-In-Hand Primary School was named Georgia Pre-K Program of the Year for 2015-2016 by the Georgia Association for Young Children.
