**Why play is important:** When

children play they are learning to make and carry out a plan.

These are the students that did their reading homework and turned in their reading logs on time, with at least 30 books on it!

**Every child needs a complete change of clothes. Milk and juice get spilt and children fall in mud.**

**Wednesday we had a Fire Safety Program. Thank you Thomas County Fire Department:**

Please help your child learn their address. They need to know their house number, street and town. This is a safety issue as well as a skill.
