

These are only an option not a requirement. Here are a few extra activities to work with your child on at home to help keep them busy. These are some of the activities that we had planned on teaching this week. If you do any of these activities, I would love for you to send me pictures or videos. I miss all my babies and would love to see them continuing their learning while at home. Please send any pictures or videos to mearnest@tcjackets.net, or through remind, or through our class Facebook page (private messages are okay, too). Stay safe!
